STHELENA

TOURIST MAP

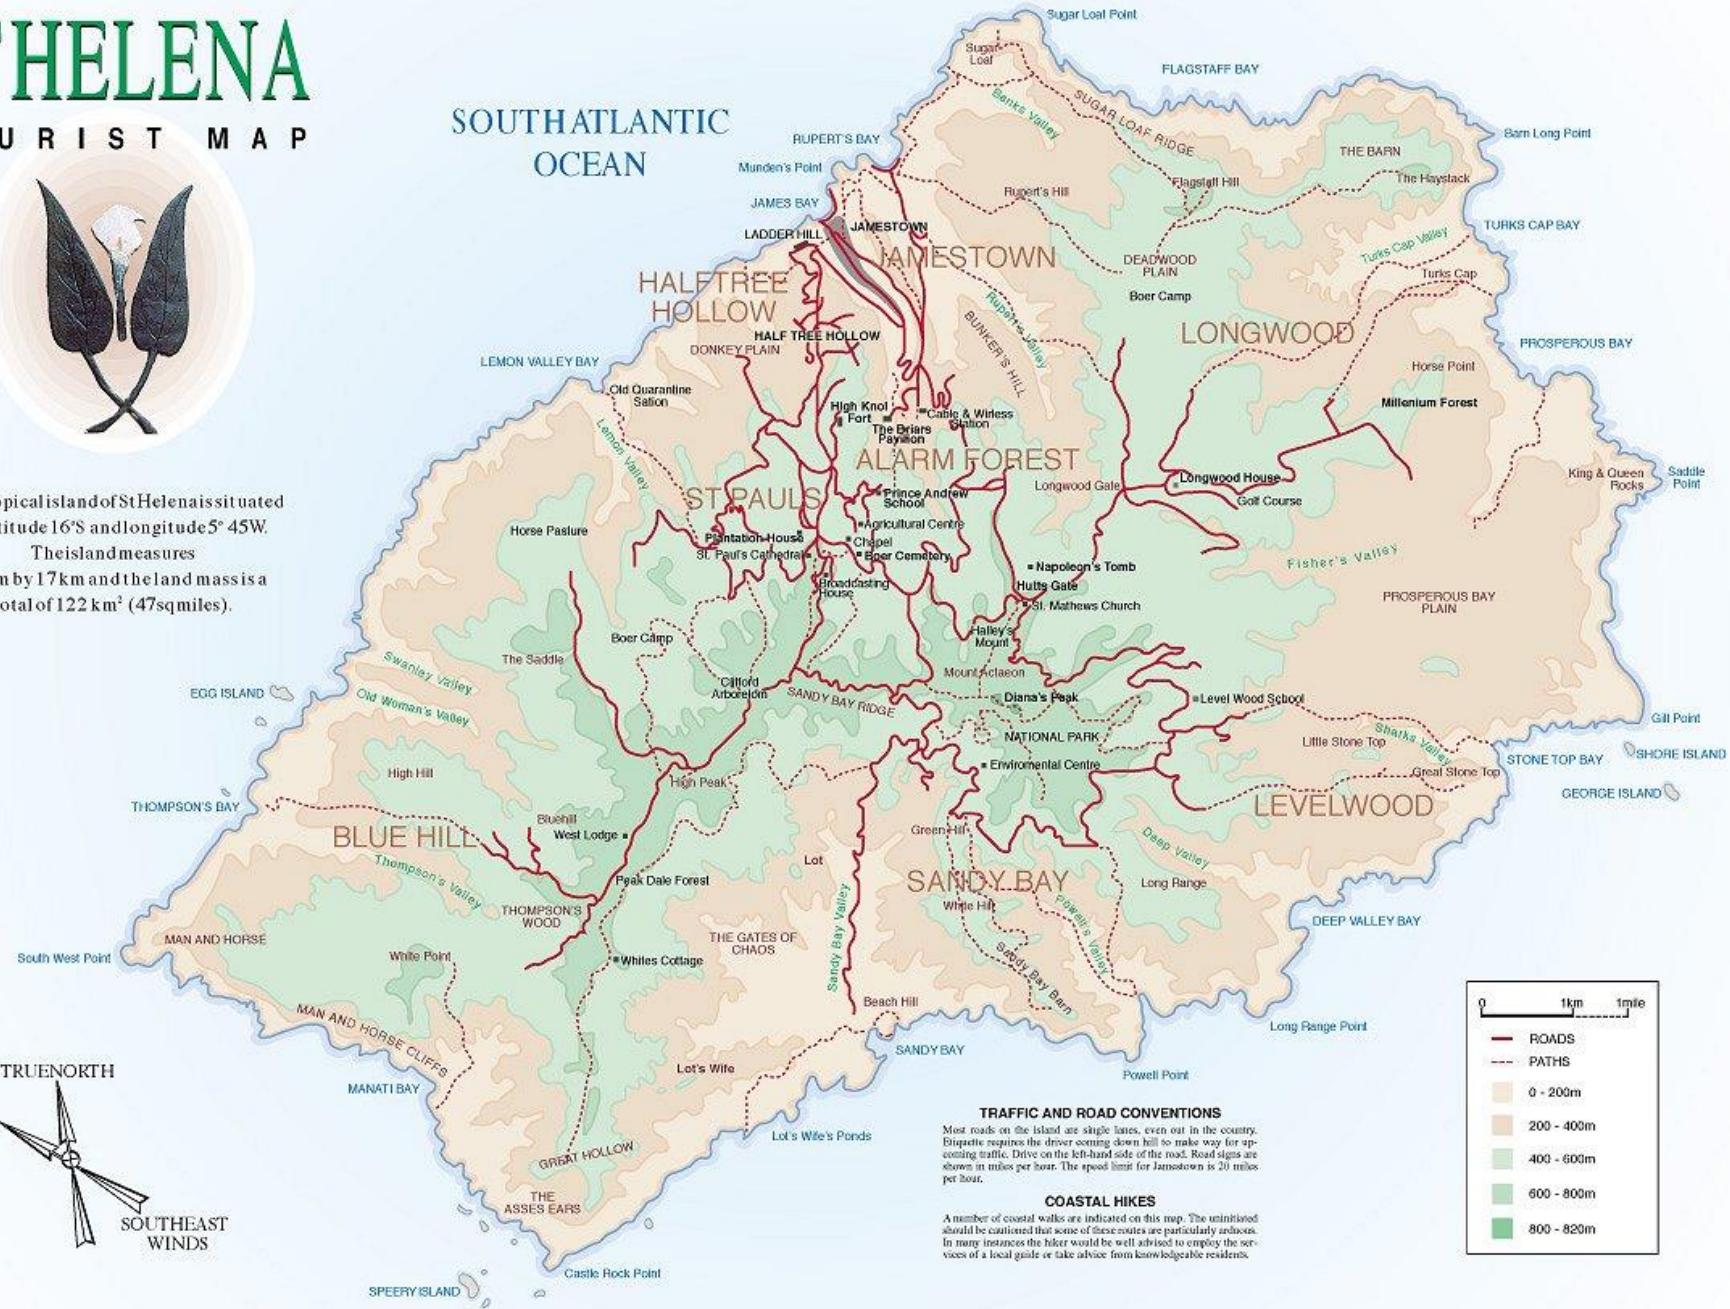

The tropical island of St Helena is situated on latitude 16°S and longitude 5° 45W.

The island measures 10km by 17km and the land mass is a total of 122 km² (47sqmiles).

SOUTH ATLANTIC OCEAN

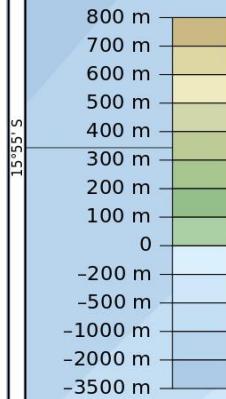

TRAFFIC AND ROAD CONVENTIONS
Most roads on the island are single lanes, even out in the country. Biquette requires the driver coming down hill to make way for on-coming traffic. Drive on the left-hand side of the road. Road signs are shown in miles per hour. The speed limit for Jamestown is 20 miles per hour.

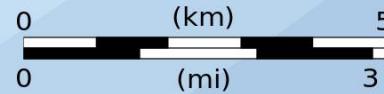

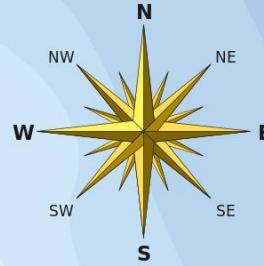

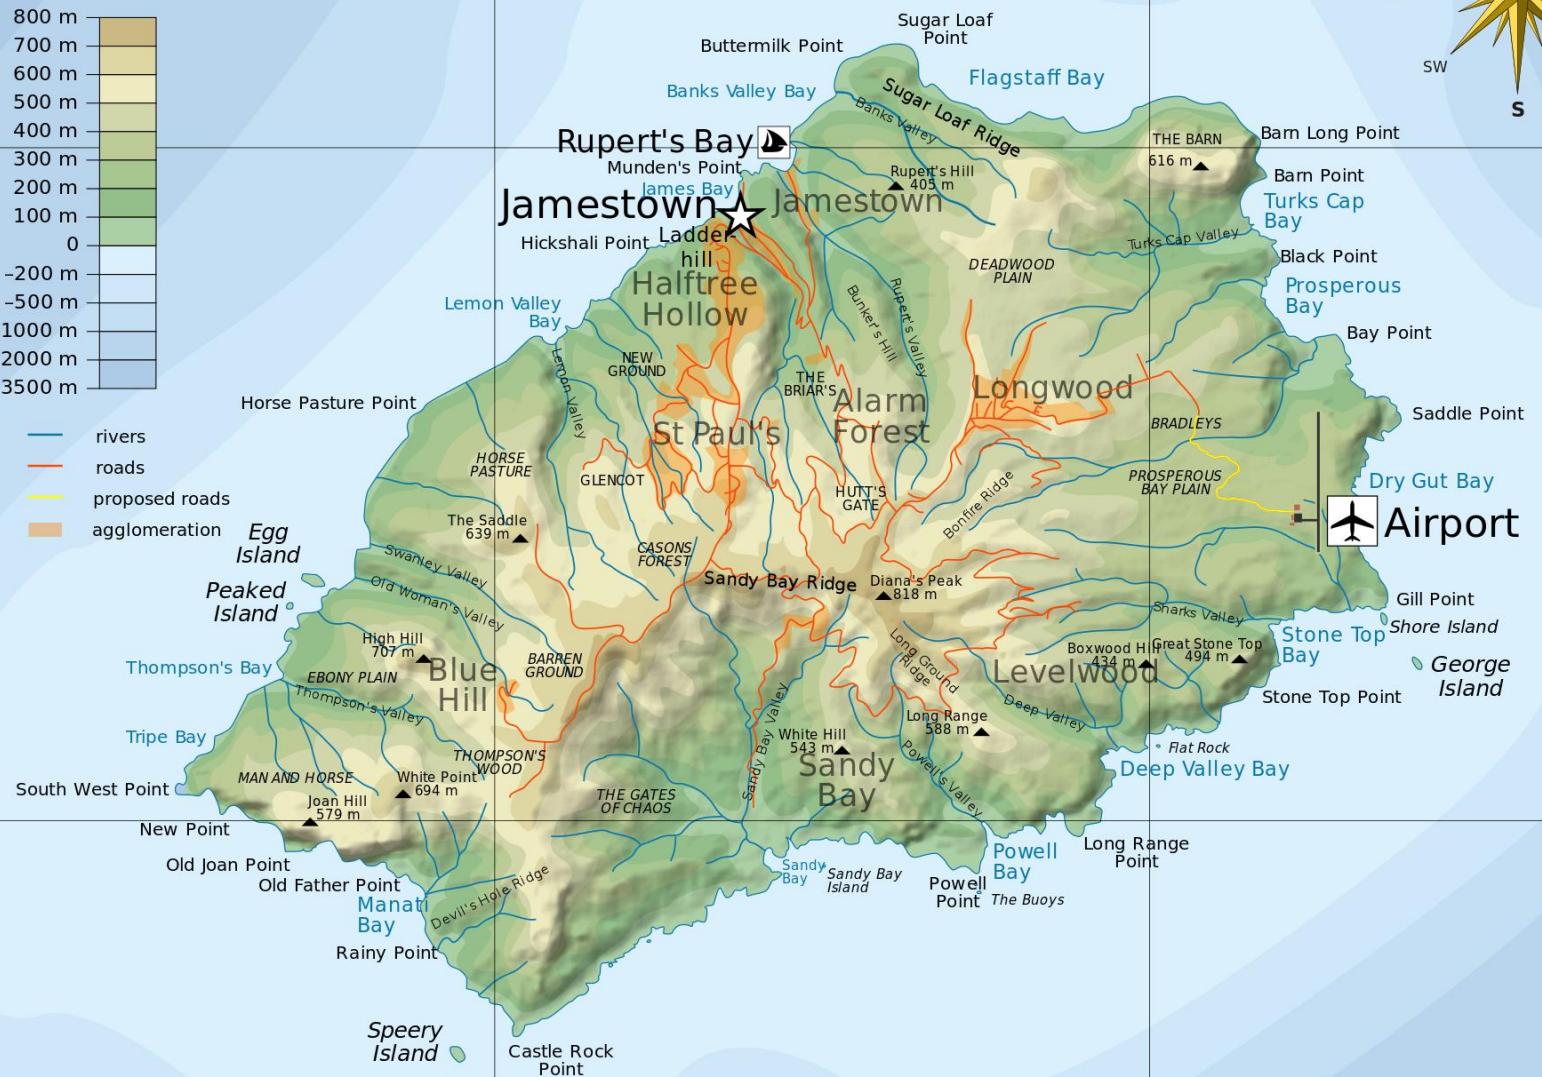

COASTAL HIKES
A number of coastal walks are indicated on this map. The uninitiated should be cautioned that some of these routes are particularly arduous. In many instances the hiker would be well advised to employ the services of a local guide or take advice from knowledgeable residents.
